## Account setup

Username @ PBX/VoIP provider

**Login na nowej platformie np. 10048512345678**

This will usually look like 23d42a3542 or  
user@sip.example.com or  
user@sip.example.com:5060

Password

**Hasło podane przy rejestracji, do logowania się na panel**

Create an account

## Account setup

Fill in your hostname and select your provider from the list

hostname or provider

**sip.plfon.pl**

This could be called 'Domain', 'SIP Server', 'Registrar' or 'SIP Proxy'. For example 'sip.example.com' or '123.21.123.32:5060'.

Or you can just search for the name of your provider. Maybe we know the settings.
